

News-Feed

Current news of the computing centre is in the Infosys of the Jade University. You can have insight with any web browser with the following links:

- [Infosys der Jade Hochschule](#)
- [Startseite des HRZ-Wikis](#)

Note: At present, the HRZ has no authorization to distribute messages from other organizational units in this way. If individual organizational units wish to disseminate messages, we ask the respective lines to send a short message via the service desk. We will then publish the corresponding feed URL here.

The news are given in the RSS-Feed format, which provides additional access options:
