## Use of e-mail distribution lists on [sympa.jade-hs.de](https://sympa.jade-hs.de)

[University members and staff](#) of the Jade University can send e-mails to various user groups via e-mail distribution lists. An overview and more details about the lists can be found on the Sympa server: <https://sympa.jade-hs.de>.

Please use the email distribution lists **exclusively for messages directly related to studies, teaching, or campus life** and select the most appropriate list. We reserve the right to decline certain mailings.

The most important publicly available distribution lists are:
