

# Microsoft Windows

Please note that the setup will only succeed if you have connected your PC to the JADE-HS network (i.e. if you are located at the university).

## Multifunction Devices

### Windows 10

- In **Windows Explorer** (not Internet Explorer!), enter the appropriate print server in the address bar:
  - \ccm-qpilot-1.hs-woe.de\
- Windows security / user name: [domain login](#) (form: ma1150@hs-woe.de)
- Save login data
- Right-click on the desired multifunction device and select "Connect".
  - QPilot for print jobs on campus.
